The crown jewel of Seacliff, the top-floor northwest corner unit, with unobstructed panoramic ocean views. Offered for the first time since construction, this residence opens to white water and crashing surf, the sand, and the big blue ocean beyond. Three bedrooms, two baths, 1,574 square feet. From the moment you enter, the ocean is in view, and it stays with you. Whether you're cooking, dining, or relaxing in the living room, the panorama is right there. The open living, dining, and kitchen flow together beneath a coffered wood-beam ceiling, wrapped in windows that frame the coastline from every angle. Rich hardwood runs throughout, and custom designer lighting – forged-iron and sculptural fixtures chosen with real intention – gives every room a finished, tailored feel. One touch raises or lowers the electronic shades across the living and dining rooms. Two private balconies extend the living space. The first opens off the great room to the full sweep of sand and harbor. The second belongs to the primary suite – wake to the waves crashing on the sand and the open ocean as your backyard. The suite is a private retreat with a double-vanity bath, granite counters, glass-enclosed walk-in shower, private water closet, and walk-in closet. The remodeled kitchen pairs warm wood cabinetry with quartzite counters, a custom glass-tile backsplash in ocean tones, and designer appliances. A beautifully remodeled second bath continues
